

## **08-414 Corrections Services - David Wade Correctional Center**

The David Wade Correctional Center (DWCC) is located in Claiborne Parish near Homer. The multi-level security institution, which opened in 1980, is sited on approximately 1,500 acres of land, much of which is timberland; approximately 240 acres are cleared for the physical plant and pastureland. Inmates are housed in restrictive cellblocks, working cellblocks, or dormitories, according to their custody level, conduct, and needs. In August 1992, the DWCC became the first state-operated Louisiana correctional institution to be accredited by the American Correctional Association (ACA); in 1997, DWCC was released from the federal consent decree.

The DWCC manages and operates a satellite unit, the Dr. Martin L. Forcht, Jr., Clinical Treatment Unit (Forcht-Wade), in Caddo Parish. Forcht-Wade was opened during FY 1996-97 after the Caddo Detention Center was deeded to the State of Louisiana by the Caddo Parish Commission. The population of Forcht-Wade includes inmates from the northern part of the state who are being processed into the state correctional system and those who are geriatric and/or infirm and not eligible or otherwise appropriate for medical furlough. The location of this facility facilitates the efficient delivery of medical services needed by these inmates as it is located near the LSU Medical Center in Shreveport and its School of Allied Health.

The mission of David Wade Correctional Center is to provide correctional services in a professional manner so as to protect the safety of the public, the institution staff, and the inmate population. Consistent with this, DWCC provides meaningful opportunities to enhance (through a variety of educational, work, social service, and medical programs) the ability of individual inmates to successfully reintegrate into society upon release.

The goals of David Wade Correctional Center are:

1. Maximize public safety through appropriate and effective custodial and supervisory programs.
2. Provide for the safety of correctional staff and inmates by maintaining an organized and disciplined system of operations that promotes stability in institutional and other field operations.
3. Ensure that basic services relating to adequate food, clothing, medical care, and shelter are provided to the inmate population.
4. Provide an environment that enables behavior change by making rehabilitative opportunities available for inmates who demonstrate motivation for change and the desire to participate in rehabilitative programs.

The David Wade Correctional Center has four programs: Administration, Incarceration, Rehabilitation, and Health Services.
